# The Impact of ERGs on Diversity & Inclusion

---

ERG Summit & Elevate Forum

## Benefits of ERGs

### What organizations look for from ERGs

- Foster Inclusion
- Reduce Isolation
- Provide opportunities
- Increase innovation
- Improve communication and collaboration
- Impact business performance

## Provoking Point #1

ERGs have segregated pools of individuals with common attributes grouped together, which at times can create a homogeneous pool rather than a diverse heterogeneous pool

**Do ERG's promote an *us* and *them* mentality?  
Inclusion or exclusion?**

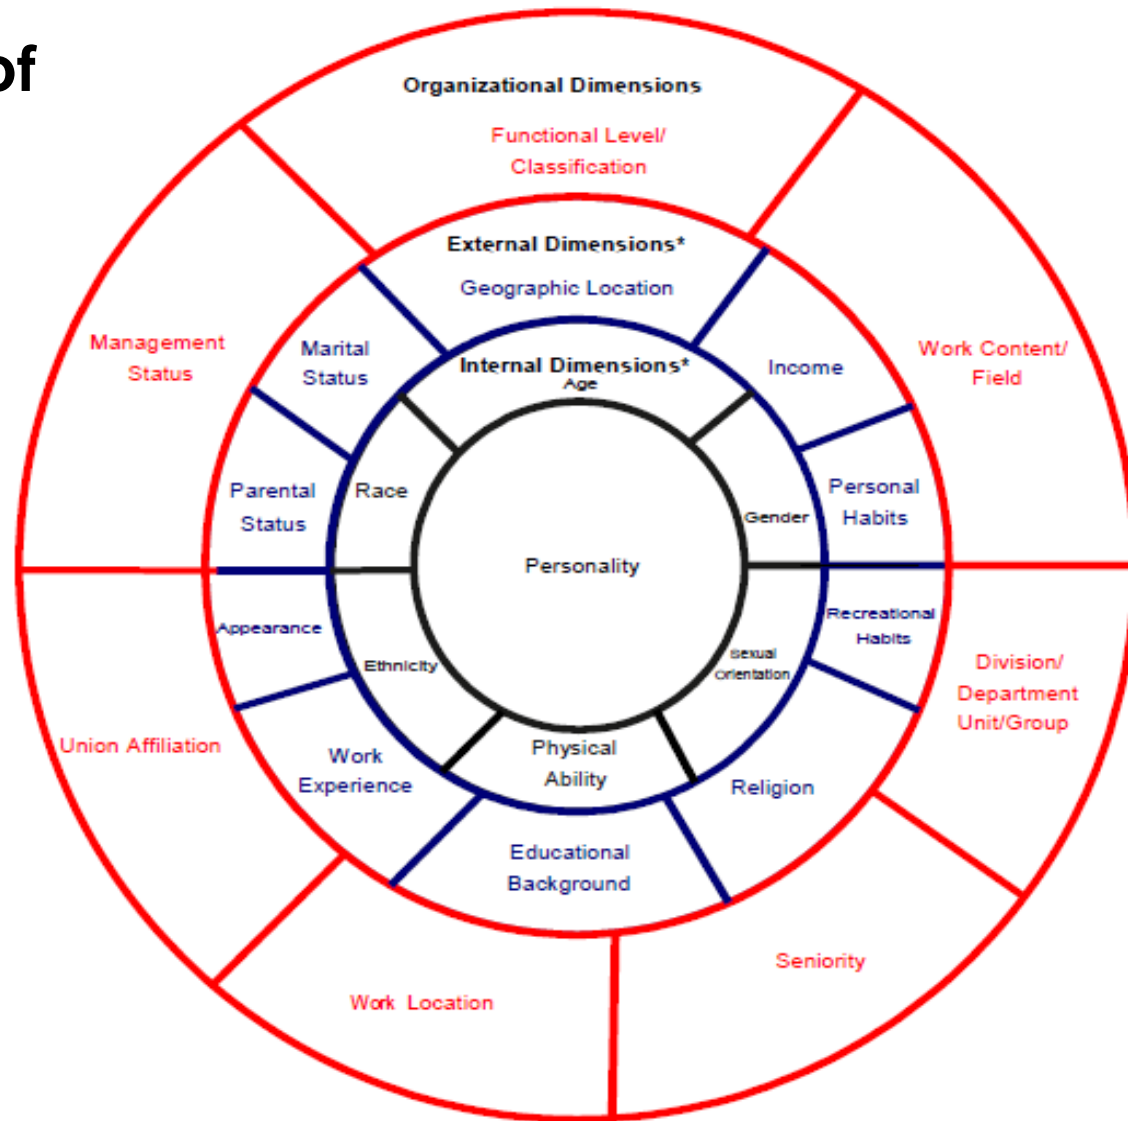

## Define Diversity

The state or fact of **differing** from one another

- Inherent
- Acquired

# Four Layers of Diversity

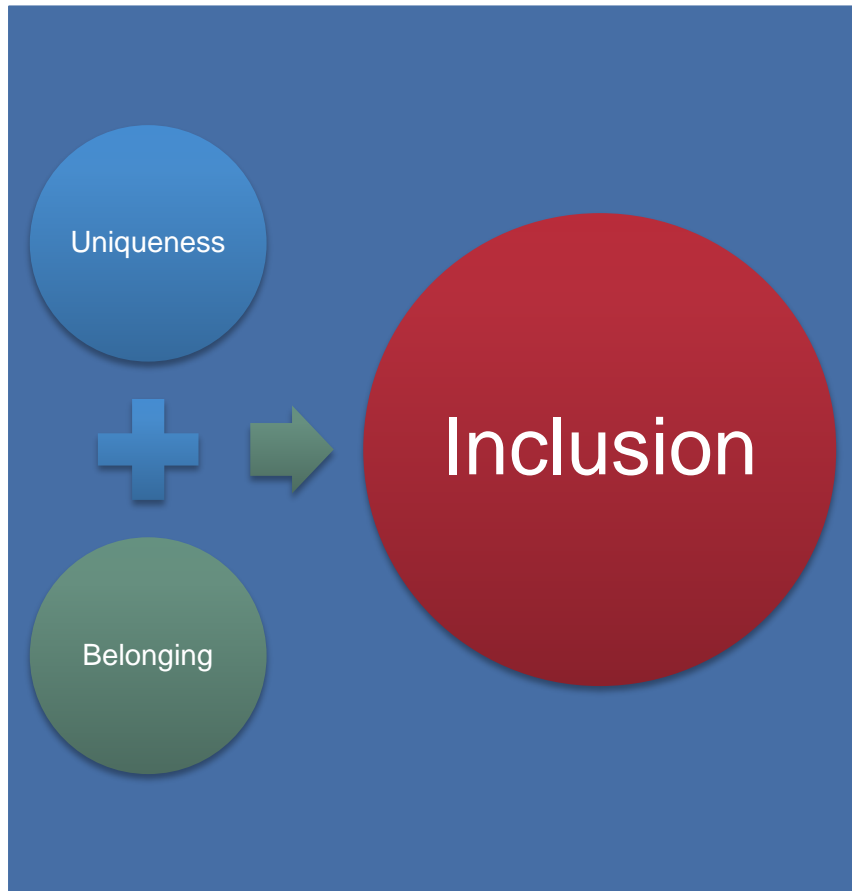

# Are these **groups** diverse?

## Define Inclusion

The degree to which an employee perceives that he or she is an esteemed member of the work group through his or her needs for **belongingness** and **uniqueness**

# Brewer's Optimal Distinctiveness Framework

|                          | Low Belongingness   | High belongingness   |
|--------------------------|---|--|
| High value in uniqueness | <p>Differentiation:</p> <p>Individual is not treated as an organizational insider in the work group but their unique characteristics are seen as valuable and required for group/ organization success.</p> | <p>Inclusion:</p> <p>Individual is treated as an insider and also allowed/ encouraged to retain uniqueness within the work group.</p>                                  |
| Low value in uniqueness  | <p>Exclusion:</p> <p>Individual is not treated as an organizational insider with unique value in the work group but there are other employees or groups who are insiders.</p>                               | <p>Assimilation:</p> <p>Individual is treated as an insider in the work group when they conform to organizational/ dominant culture norms and downplay uniqueness.</p> |

## Provoking Point #2

Does the way we title/label/define an ERG have the unintended effect of excluding or downplaying other layers of diversity?

**How can ERG's account for this?**

## Provoking Point #3

If ERGs are formed based on all layers of diversity,  
**what happens to our under-represented  
groups?**

Are we moving backward?

What is the alternative?

## Best Practices

### **Interest-based groups gathered around particular activities**

- Environmental advocacy
- Community service
- Volunteerism
- Workplace health / Work Life Balance

### **ERG group collaboration**

- Professional Development
- Leadership
- Strategy

**Leaders that are aware and trained and skilled in ensuring that the ERG does not become divisive.**

“we can’t solve our  
problems by using the  
same kind of thinking  
we used when we  
created them”

-Albert Einstein
